## CHRISTMAS MONEY

The Doniphan Telephone Company is making a Proposition which will Save the Farmer CHRISTMAS MONEY What Farmer's Wife Doesn't know a Saving When She Sees It.

The Doniphan Telephone Company offers to connect all the Farmer's Mutual Telephone subscribers with their splendid new Switch Board for 25 cents per month, the farmers to maintain their present country lines, as they do now, up to the city limits. This will mean a saving to every farmer of 25 cents per month, or THREE DOLLARS per year, besides giving each one connection with every business house in Doniphan, and with two hundred residence phones in Doniphan. They would also have connection with every trading point or town in Ripley county, and also several points in Randolph and Clay counties, Arkansas. All subscribers would be given free service to every point reached in Ripley county by our lines as well as points reached by the Farmer's lines and any that might be built or extended in the future.

NO EXTRA CHARGE WHATSOEVER WOULD BE MADE FOR THE ABOVE SERVICE.

What assurance have you that these rates would not be increased? When we make a contract with you we must get the consent of the

MISSOURI PUBLIC SERVICE COMMISSION to the rate, and this cannot be changed during the life or period of years covered by the contract.

The consolidation of the two systems will give the farmers connection with the

BELL LONG DISTANCE SERVICE direct from their homes at the same price they would pay if they came to town to talk over the LONG DISTANCE.

REMEMBER there will be NO EXTRA CHARGE to subscribers, no SPECIAL or EXTRA ASSESSMENTS, your dues remaining the same each year. This includes to any point on any line in Ripley county or any phone in Doniphan.

We assure you prompt and efficient service and courteous treatment. We extend to all of you the compliments of the season and the hope, that next year at this time we may all be one family and can say to each other

MERRY CHRISTMAS.
